Visit our Website @ <https://attendwisashow.eventbrite.com>
for updates to the agenda and list of exhibitors

The Wilmington Section of the **International Society of Automation** is organizing a unique event for our area: an Industrial Automation Show & Conference. The full event (**including the sessions listed below**) will be **FREE and open to the public**. The exhibition floor is open from 10 AM to 4 PM.

Exhibitors include: Applied Control Engineering, Automated Control Concepts, CA Briggs Company, Cemtech Energy, DelVal Controls, Eastern Controls, Emerson Process Management, EZSoft, F S Welsford, Industrial Controls, Ives Equipment, Miller Energy, National Basic Sensor, Neal Systems, North East Technical Sales, Panelmatic East, PD-IR, Rumsey, Ryan Equipment, TRIFLOW CORP, Tri-State Technical Sales, United Electric, WGS Equipment

10:45 AM – 12:00 PM

Future of Technology in Process Automation

- In this interactive session, you will learn about future trends in technology in process automation including the unique role that ISA plays in these trends.

01:30 PM – 2:45 PM

Professional Development and Leadership in Process Automation

- In this interactive panel discussion, you will hear career insights from a variety of ISA leaders who are also leaders within their companies and the industry as a whole.

The Mid-Atlantic region has long been home to leaders in the field of process automation, from technical experts recognized as ISA Fellows to business leaders, many of whom developed their leadership skills and professional networks through ISA. The sessions described above provide a unique opportunity to gain insight from and interact with leaders of the industry and ISA.

Admission to the event is FREE and open to the public. We encourage online pre-registration at <https://attendwisashow.eventbrite.com> to allow your name tag to be pre-printed and waiting for your arrival. This will also ensure that you are kept up-to-date with any updates to the program. **Attendees of the event will be eligible for door prizes.** This is a great opportunity to network with the **industrial automation community** of the Mid-Atlantic. **PDH certificates will be provided on request for registrants attending each session.**
